You don't need much – **Ex. 5 DP / Ex. 7(A)**
Ex. 5 DP / Ex. 7(A) There no rush - Within the next few days.

Thanks.

Hi Stacie,

I can try to pull something together. I have not been able to review the response to the 308 yet, but I'll see what I have. When do you need this by?

Thanks,

Jennie Brancho

Jennie – Please see the e-mail below. This is related to Horizon Management – Not sure which one, though. Can you help me pull together some bullets so that Kyle can provide to the Senator? We also may need some additional background from the State on this, but I'm not sure how much will be needed. If so, please coordinate with Kaitlin.

Thanks.

Kyle, thanks. Pls let us know best approach to support your answer. Would it be:

- A few bullets from our pgm folks?
- A quick phone call/mtg with pgm contact?

Let us know,
L

Stacie, thanks for the heads up.

KYLE- pls advise on whether you would answer this question (below) with ECAD pgm input.

Thanks!

Hi Kaitlin. Do you know anything about this site?

Lena – How do we handle these types of request from Senator’s offices? Do we respond directly?

Thanks.

Dear Stacie and Rick,

I hope you are both having a great start to your week.

I am reaching out about an environmental issue we have in our state legislative district that we’d like an updated status on. In Sands Rd, in Anne Arundel County Maryland, there has been a compounding land fil, wastewater, and others that are not only causing a disruptive amount of truck traffic to the historically African American community, but they have had decades of health concerns.

Tyler Abbott from the MD Dept of Environment referred this case to you both and I would like to follow up to see it’s current status and if there’s anything we can do to assist or any additional information I can help provide.

Thank you for your time and assistance.

Best,
Johntel
